1. Academy Policy Record

- 1.1. Woodlands Academy is an inclusive community that aims to support and welcome pupils with medical conditions.
- 1.2. This Academy's medical conditions policy is drawn up in consultation with a wide-range of local key stakeholders within both the academy and health settings.
- 1.3. The medical conditions policy is supported by a clear communication plan for staff, parents* and other key stakeholders to ensure its full implementation.
- 1.4. All staff understand and are trained in what to do in an emergency for the most common serious medical conditions at this school.
- 1.5. All staff understand and are trained in the school's general emergency procedures.
- 1.6. This academy has clear guidance on the administration of medication at school.
- 1.7. This Academy has clear guidance on the storage of medication at school.
- 1.8. This Academy has clear guidance about record keeping.
- 1.9. This school ensures that the whole Academy environment is inclusive and favourable to pupils with medical conditions. This includes the physical environment, as well as social, sporting and educational activities.
- 1.10. This Academy is aware of the common triggers that can make common medical conditions worse or can bring on an emergency. The Academy is actively working towards reducing or eliminating these health and safety risks and has a written schedule of reducing specific triggers to support this.
- 1.11. Each member of the Academy and health community knows their roles and responsibilities in maintaining and implementing an effective medical conditions policy.
- 1.12. The medical conditions policy is regularly reviewed.

2. Communication Plan

- 2.1. Pupils are informed and regularly reminded about the medical conditions policy:
 - a) In personal, social and health education (PSHE) classes
 - b) Through school-wide communication about results of the monitoring and evaluation of the policy.

2.2. Parents are informed and regularly reminded about the medical conditions policy:

- a) By including the policy statement in the school's prospectus and signposting access to the policy
- b) At the start of the school year when communication is sent out about
- c) Healthcare Plans
- d) When their child is enrolled as a new pupil
- e) Via the Academy's website, where it is available all year round
- f) Through school-wide communication about results of the monitoring and evaluation of the policy.

2.3 Academy staff are informed and regularly reminded about the medical conditions policy:

- a) Through copies handed out at the first staff meeting of the school year and before Healthcare Plans are distributed to parents.
- b) At scheduled medical conditions training
- c) Through school-wide communication about results of the monitoring and evaluation of the policy.
- d) All supply and temporary staff are informed of the policy and their responsibilities where appropriate.

2.3. Relevant local health staff are informed and regularly reminded about the school's medical conditions policy:

- a) By letter accompanied with a printed copy of the policy at the start of the academic year
- b) Through communication about results of the monitoring and evaluation of the policy.

2.4. All other external stakeholders are informed and reminded about the Academy's medical conditions policy:

- a) By letter accompanied with a printed copy of the policy summary at the start of the school year
- b) Through communication about results of monitoring and evaluation.

3. Serious Medical Conditions

- 3.1 All staff at this Academy are aware of the most common serious medical conditions at this school.
- 3.2 Staff at this Academy understand their duty of care to pupils in the event of an emergency. In an emergency situation school staff are required under common law duty of care to act like any reasonably prudent parent. This may include administering medication.
- 3.3 All staff know what to do in an emergency for the pupils in their care with medical conditions.
- 3.4 Training is refreshed for all staff at least once a year.
- 3.5 Action for staff to take in an emergency for the common serious conditions at this school is displayed in prominent locations for all staff including classrooms, kitchens and the staff room*.
- 3.6 This Academy uses Healthcare Plans to inform the appropriate staff (including supply teachers and support staff) of pupils in their care who may need emergency help.
- 3.7 This academy has procedures in place so that a copy of the pupil's Healthcare Plan is sent to the emergency care setting with the pupil. On occasions when this is not possible, the form is sent (or the information on it is communicated) to the hospital as soon as possible.

4. General Emergency Procedures

- 4.1. All staff know what action to take in the event of a medical emergency. This includes:
 - a) How to contact emergency services and what information to give
 - b) Who to contact within the Academy.
- 4.2. Training is refreshed for all staff at least once a year.
- 4.3. Action to take in a general medical emergency is displayed in prominent locations for staff. This will include a phone call to office staff to request pupil information needed by the emergency services.
- 4.4. If a pupil needs to be taken to hospital, a member of staff will always accompany them and will stay with them until a parent arrives. The Academy tries to ensure that the staff member will be one the pupil knows.
- 4.5.
- 4.6. Generally, staff should not take pupils to hospital in their own car. This Academy has clear guidance from the local authority on when (and if) this is appropriate.
- 4.7.

5. Administering Medication at School

5.1. Administration – emergency medication

5.1.1 All pupils at this Academy with medical conditions have easy access to their emergency medication.

5.1.2 Pupils who do not carry and administer their own emergency medication understand the arrangements for a member of staff (and the reserve member of staff) to assist in helping them take their medication safely.

5.2. Administration – general

5.2.1 All use of medication defined as a controlled drug, even if the pupil can administer the medication themselves, is done under the supervision of a named member of staff at this school.

5.2.2 This Academy understands the importance of medication being taken as prescribed.

5.2.3 All staff are aware that there is no legal or contractual duty for any member of staff to administer medication or supervise a pupil taking medication unless they have been specifically contracted to do so.

5.2.4 Training is given to all staff members who agree to administer medication to pupils, where specific training is needed. The local authority provides full indemnity.

5.2.5 All Academy staff have been informed through training that they are required, under common law duty of care, to act like any reasonably prudent parent in an emergency situation. This may include taking action such as administering medication.

5.2.6 In some circumstances, medication is only administered by an adult of the same gender as the pupil, and preferably witnessed by a second adult.

5.2.7 Parents at this Academy understand that if their child's medication changes or is discontinued, or the dose or administration method changes, that they should notify the school immediately.

5.2.8 If a pupil at this Academy refuses their medication, staff record this and follow procedures. Parents are informed as soon as possible.

5.2.9 If a pupil at this Academy needs supervision or access to medication during home to school transport organised by the local authority, properly trained escorts are provided. All drivers and escorts have the same training as school staff, know what to do in a medical emergency and are aware of any pupils in their care who have specific needs. If they are expected to supervise or administer emergency medication they are properly trained and have access to the relevant Healthcare Plans.

5.2.10 All staff attending off-site visits are aware of any pupils with medical conditions on the visit. They receive information about the type of condition, what to do in an emergency and any other additional support necessary, including any additional medication or

equipment needed. If medication is required, then a staff member trained in administering medication will accompany the trip.

5.2.11 If a trained member of staff, who is usually responsible for administering medication, is not available this school makes alternative arrangements to provide the service. This is always addressed in the risk assessment for off-site activities.

5.2.12 If a pupil misuses medication, either their own or another pupil's, their parents are informed as soon as possible. These pupils are subject to the Academy's usual disciplinary procedures.

5.2.13 All medication is brought to school by parents / carers. Medication is not to be transported by taxi or minibus. In exceptional circumstances, staff will pick medicine up from the pupil's home with a covering letter provided by the parent and Academy principal.

6. Storage of Medication at School

6.1. Safe storage – emergency medication

6.1.1 Emergency medication is readily available to pupils who require it at all times during the school day or at off-site activities. If the emergency medication is a controlled drug and needs to be locked up, the keys are readily available and not held personally by members of staff. There is a key safe in the medical room to access the medication stored in the medication safe.

6.1.2 Pupils, whose healthcare professionals and parents advise the school that their child is not yet able or old enough to self-manage and carry their own emergency medication, know exactly where to access their emergency medication.

6.2. Safe storage – non-emergency medication

6.2.1 All non-emergency medication is kept in a secure place, in a lockable cupboard in a cool dry place. Pupils with medical conditions know where their medication is stored and how to access it. The Academy has a designated medical room for all non emergency medication.

6.2.2 Staff ensure that medication is only accessible to those for whom it is prescribed.

6.3. Safe storage – general

6.3.1 Staff trained in medication handling ensure the correct storage of medication at this Academy.

6.3.2 All controlled drugs are kept in a locked cupboard and only named staff have access, even if pupils normally administer the medication themselves.

6.3.3 Three times a year the trained staff check the expiry dates for all medication stored within the Academy.

- 6.3.4 Trained staff, along with the parents of pupils with medical conditions, ensure that all emergency and non-emergency medication brought in to school is clearly labelled with the pupil's name, the name and dose of the medication and the frequency of dose. Pupils do not carry medication themselves.
- 6.3.5 All medication is supplied and stored, wherever possible, in its original containers. All medication is labelled with the pupil's name, the name of the medication, expiry date and the prescriber's instructions for administration, including dose and frequency.
- 6.3.6 Medication is stored in accordance with instructions, paying particular note to temperature.
- 6.3.7 Some medication for pupils at this school may need to be refrigerated. All refrigerated medication is stored in an airtight container and is clearly labelled. Refrigerators used for the storage of medication are in the secured medical room.
- 6.3.8 All medication is sent home with pupils at the end of the school year. Medication is not stored in summer holidays.
- 6.3.9 Any unused/damaged/unsuitable/medication that is not picked up by parents is:
- a) Taken to the local pharmacy to be destroyed
 - b) Ground up and stored in a drug container, stored in the medication safe, and then destroyed.
- 6.3.10 It is the parent's responsibility to ensure new and in date medication comes into the Academy on the first day of the new academic year.
- 6.3.11 Pupils requiring antibiotics will be advised not to send their pupil to school for the first 24 hours to ensure that side effects are observed at home. Antibiotics will not be given at school unless accompanied by a doctor's note and prescribed for 4 times a day.

6.4. Safe disposal

- 6.4.1 Parents at this Academy are asked to collect out-of-date medication.
- 6.4.2 If parents do not pick up out-of-date medication, or at the end of the school year, medication is taken to a local pharmacy for safe disposal.
- 6.4.3 Staff trained in handling medication check the dates of medication and arrange for the disposal of any that have expired. This check is done at least three times a year and is always documented.
- 6.4.4 Sharps boxes will be used for the disposal of needles. Parents obtain sharps boxes from the child's GP or paediatrician on prescription. All sharps boxes in this school are stored in a locked cupboard unless alternative safe and secure arrangements are put in place on a case-by-case basis.
- 6.4.5 If a sharps box is needed on an off-site or residential visit, a named member of staff is responsible for its safe storage and return to a local pharmacy or to school or the pupil's parent.

6.4.6 Collection and disposal of sharps boxes is arranged with the local authority's environmental services.

7. Record Keeping

7.1. Enrolment forms

7.1.1 Parents at this Academy are asked if their child has any health conditions or health issues on the enrolment form, which is filled out at the start of each academic year. Parents of new pupils starting at other times during the year are also asked to provide this information on enrolment forms.

7.1.2 Health needs are also recorded on Off Site Visit Forms

7.2. Healthcare Plans

7.2.1 This Academy uses a Healthcare Plan to record important details about individual children's medical needs at the Academy, their triggers, signs, symptoms, medication and other treatments. Further documentation can be attached to the Healthcare Plan if required.

7.2.2 A Healthcare Plan, accompanied by an explanation of why and how it is used, is discussed with all parents of pupils with a long-term medical condition. This is completed:

- a) At the start of the school year
- b) At enrolment
- c) When a diagnosis is first communicated to the school.

7.2.3 The parents, healthcare professional and pupil with a medical condition, are asked to fill out the pupil's Healthcare Plan together at school.

7.2.4 This Academy ensures that a relevant member of school staff is also present, if required to help draw up a Healthcare Plan for pupils with complex healthcare or educational needs.

7.3. School Healthcare Plan register

7.3.1 Healthcare Plans are used to create a centralised register of pupils with medical needs. Staff trained in handling medicines have responsibility for the register at this Academy.

7.3.2 A responsible member of staff follows up with the parents any further details on a pupil's Healthcare Plan required or if permission for administration of medication is unclear or incomplete.

7.4. Ongoing communication and review of Healthcare Plans

- 7.4.1 Parents at this Academy are regularly reminded to update their child's Healthcare Plan if their child has a medical emergency or if there have been changes to their symptoms (getting better or worse), or their medication and treatments change.
- 7.4.2 Staff at this Academy use opportunities such as teacher–parent interviews, regular phone calls or where appropriate, and home–school diaries to check that information held by the Academy on a pupil's condition is accurate and up to date.
- 7.4.3 Every pupil with a Healthcare Plan at this Academy has their plan discussed and reviewed at least once a year.

7.5. Other record keeping

- 7.5.1 This Academy keeps an accurate record of each occasion an individual pupil is given or supervised taking medication. Details of the supervising staff member, pupil, dose, date and time are recorded. If a pupil refuses to have medication administered, this is also recorded and parents are informed as soon as possible.
- 7.5.2 This Academy holds training on common medical conditions once a year. All staff attending receive a certificate confirming the type of training they have had. A log of the medical condition training is kept by the Academy and reviewed every 12 months to ensure all new staff receive training.
- 7.5.3 All Academy staff who volunteer or who are contracted to administer medication are provided with training by a healthcare professional. The Academy keeps a register of staff who have had the relevant training.
- 7.5.4 This Academy keeps an up-to-date list of members of staff who have agreed to administer medication and have received the relevant training.

8. Storage and access to Healthcare Plans

- 8.1. Parents and pupils at this Academy are provided with a copy of the pupil's current agreed Healthcare Plan.
- 8.2. Healthcare Plans are kept in a secure central location within the Academy.
- 8.3. Apart from the central copy, specified members of staff (agreed by the pupil and parents) securely hold copies of pupils' Healthcare Plans. These copies are updated at the same time as the central copy.
- 8.4. All members of staff who work with groups of pupils have access to the Healthcare Plans of pupils in their care.
- 8.5. When a member of staff is new to a pupil group, for example due to staff absence, Woodlands Academy makes sure that they are made aware of (and have access to) the Healthcare Plans of pupils in their care.
- 8.6. This Academy ensures that all staff protect pupil confidentiality.
- 8.7. This Academy seeks permission from parents to allow the Healthcare Plan to be sent ahead to emergency care staff, should an emergency happen during school hours or at a school activity outside the normal school day. This permission is included on the Healthcare Plan.
- 8.8. This Academy seeks permission from the pupil and parents before sharing any medical information with any other party, such as when a pupil takes part in a work experience placement.

8.9 Use of Healthcare Plans

8.9.1 Healthcare Plans are used by this school to:

- a) Inform the appropriate staff and supply teachers about the individual needs of a pupil with a medical condition in their care
- b) Identify common or important individual triggers for pupils with medical conditions at school that bring on symptoms and can cause emergencies. This Academy uses this information to help reduce the impact of common triggers
- c) Ensure that all medication stored in the Academy is within the expiry date
- d) Ensure this Academy local emergency care services have a timely and accurate summary of a pupil's current medical management and healthcare in the event of an emergency
- e) Remind parents of pupils with medical conditions to ensure that any medication kept at school for their child is within its expiry dates. This includes spare medication.

9. Consent to administer medicines

- 9.1. If a pupil requires regular prescribed medication at school, parents are asked to provide consent on their child's Healthcare Plan giving the pupil or staff permission to administer medication on a regular/daily basis, if required.
- 9.2. All parents of pupils with a medical condition who may require medication in an emergency are asked to provide consent on the Healthcare Plan for staff to administer medication.
- 9.3. If a pupil requires regular/daily help in administering their medication then the Academy outlines the Academy's agreement to administer this medication on the pupil's Healthcare Plan. The Academy and parents keep a copy of this agreement.
- 9.4. No pupils will carry their own medication at school.

10. Residential visits – Record Keeping

- 10.1. Parents are sent a residential visit form to be completed and returned to the Academy before their child leaves for an overnight or extended day visit. This form requests up-to-date information about the pupil's current condition and their overall health. This provides essential and up-to-date information to relevant staff and school supervisors to help the pupil manage their condition while they are away. This includes information about medication not normally taken during school hours.
- 10.2. All residential visit forms are taken by the relevant staff member on visits and for all out-of-school hours activities where medication is required. These are accompanied by a copy of the pupil's Healthcare Plan.
- 10.3. All parents of pupils with a medical condition attending a school trip or overnight visit are asked for consent, giving staff permission to administer medication at night or in the morning if required.
- 10.4. The residential visit form also details what medication and what dose the pupil is currently taking at different times of the day. It helps to provide up-to-date information to relevant staff and supervisors to help the pupil manage their condition while they are away.

11. Physical environment

- 11.1. This Academy is committed to providing a physical environment that is accessible to pupils with medical conditions.
- 11.2. Pupils with medical conditions are included in the consultation process to ensure the physical environment at this Academy is accessible.
- 11.3. This Academy's commitment to an accessible physical environment includes out-of-school visits. The Academy recognises that this sometimes means changing activities or locations.

12. Social interactions

- 12.1. This Academy ensures the needs of pupils with medical conditions are adequately considered to ensure their involvement in structured and unstructured social activities, including during breaks and before and after school.
- 12.2. This Academy ensures the needs of pupils with medical conditions are adequately considered to ensure they have full access to extended school activities such as school discos, breakfast club, school productions, after school clubs and residential visits.
- 12.3. All staff at this Academy are aware of the potential social problems that pupils with medical conditions may experience. Staff use this knowledge to try to prevent and deal with problems in accordance with the Academy's anti-bullying and behaviour policies.
- 12.4. Staff use opportunities such as personal, social and health education (PSHE) lessons to raise awareness of medical conditions amongst pupils and to help create a positive social environment.

13. Exercise and physical activity

- 13.1. This Academy understands the importance of all pupils taking part in sports, games and activities.
- 13.2. This Academy ensures all classroom teachers, PE teachers and sports coaches make appropriate adjustments to sports, games and other activities to make physical activity accessible to all pupils.
- 13.3. This Academy ensures all classroom teachers, PE teachers and sports coaches understand that pupils should not be forced to take part in an activity if they feel unwell.
- 13.4. Teachers and sports coaches are aware of pupils in their care who have been advised to avoid or to take special precautions with particular activities.
- 13.5. This Academy ensures all PE teachers, classroom teachers and school sports coaches are aware of the potential triggers for pupils' medical conditions when exercising and how to minimize these triggers.
- 13.6. This school ensures all pupils have the appropriate medication or food with them during physical activity and that pupils take them when needed.
- 13.7. This school ensures all pupils with medical conditions are actively encouraged to take part in out-of-school clubs and team sports.

14. Education and learning

- 14.1. This school ensures that pupils with medical conditions can participate fully in all aspects of the curriculum and ensures that appropriate adjustments and extra support are provided.
- 14.2. If a pupil is missing a lot of time at school, they have limited concentration or they are frequently tired, all teachers at this Academy understand that this may be due to their medical condition.
- 14.3. Teachers at this Academy are aware of the potential for pupils with medical conditions to have special educational needs (SEN).
- 14.4. This Academy ensures that lessons about common medical conditions are incorporated into PSHE lessons and other parts of the curriculum.
- 14.5. Pupils at this Academy learn about what to do in the event of a medical emergency.

15. Residential visits – Risk Assessments

- 15.1. Risk assessments are carried out by this Academy prior to any out-of-school visit and medical conditions are considered during this process. Factors this Academy considers include: how all pupils will be able to access the activities proposed, how routine and emergency medication will be stored and administered, and where help can be obtained in an emergency.
- 15.2. This Academy understands that there may be additional medication, equipment or other factors to consider when planning residential visits. This Academy considers additional medication and facilities that are normally available in school.
- 15.3. Risk assessments are carried out before pupils start any work experience or off-site educational placement. It is this Academy's responsibility to ensure that the placement is suitable, including travel to and from the venue for the pupil. Permission is sought from the pupil and their parents before any medical information is shared with an employer or other education provider.

16. Maintaining an Effective Medical Conditions Policy

- 16.1. This Academy works in partnership with all interested and relevant parties including the Academy's governing body, all Academy staff, parents, employers, community healthcare professionals and pupils to ensure the policy is planned, implemented and maintained successfully.
- 16.2. The following roles and responsibilities are used for the medical conditions policy at this Academy. These roles are understood and communicated regularly.
- 16.3. This Academy's employer has a responsibility to:
 - a) Ensure the health and safety of their employees and anyone else on the premises or taking part in school activities (this includes all pupils). This responsibility extends to those staff and others leading activities taking place offsite, such as visits, outings or field trips
 - b) Ensure health and safety policies and risk assessments are inclusive of the needs of pupils with medical conditions
 - c) Make sure the medical conditions policy is effectively monitored and evaluated and regularly updated
 - d) Report to parents, pupils, school staff and the local authority about the successes and areas for improvement of this school's medical conditions policy

- e) Provide indemnity for staff who volunteer to administer medication to pupils with medical conditions.

16.4. This Academy's Principal has a responsibility to:

- a) Ensure the Academy is inclusive and welcoming and that the medical conditions policy is in line with local and national guidance and policy frameworks
- b) Liaise between interested parties including pupils, Academy staff, special educational needs coordinators, pastoral support/welfare officers, teaching assistants, school nurses, parents, governors, the school health service, the local authority transport service, and local emergency care services
- c) Ensure the policy is put into action, with good communication of the policy to all
- d) Ensure every aspect of the policy is maintained
- e) Ensure that information held by the Academy is accurate and up to date and that there are good information sharing systems in place using pupils' Healthcare Plans
- f) Ensure pupil confidentiality
- g) Assess the training and development needs of staff and arrange for them to be met
- h) Ensure all supply teachers and new staff know the medical conditions policy
- i) Delegate a staff member to check the expiry date of medicines kept within the
- j) Academy and maintain the Academy medical conditions register
- k) Monitor and review the policy at least once a year, with input from pupils, parents, staff and external stakeholders
- l) Update the policy at least once a year according to review recommendations and recent local and national guidance and legislation
- m) Report back to all key stakeholders about implementation of the medical conditions policy.

16.5. All staff at this Academy have a responsibility to:

- a) Be aware of the potential triggers, signs and symptoms of common medical conditions and know what to do in an emergency
- b) Understand the Academy's medical conditions policy
- c) Know which pupils in their care have a medical condition and be familiar with the content of the pupil's Healthcare Plan
- d) Allow all pupils to have immediate access to their emergency medication
- e) Maintain effective communication with parents including informing them if their child has been unwell at school
- f) Ensure pupils who carry their medication with them have it when they go on a school visit or out of the classroom
- g) Be aware of pupils with medical conditions who may be experiencing bullying or need extra social support
- h) Understand the common medical conditions and the impact it can have on pupils (pupils should not be forced to take part in any activity if they feel unwell)

- i) Ensure all pupils with medical conditions are not excluded unnecessarily from activities they wish to take part in
- j) Ensure pupils have the appropriate medication or food with them during any exercise and are allowed to take it when needed.

16.6. Teachers at this Academy have a responsibility to:

- a) Ensure pupils who have been unwell catch up on missed school work
- b) Be aware that medical conditions can affect a pupil's learning and provide extra help when pupils need it
- c) Liaise with parents, the pupil's healthcare professionals, special educational needs coordinator and welfare officers if a child is falling behind with their work because of their condition
- d) Use opportunities such as PSHE and other areas of the curriculum to raise pupil awareness about medical conditions.

16.7. The school nursing service has a responsibility to:

- a) Help update the Academy's medical conditions policy
- b) Help provide regular training for Academy staff in managing the most common medical conditions at The Academy
- c) Provide information about where the Academy can access other specialist training.

16.8. First aiders at this Academy have a responsibility to:

- a) Give immediate help to casualties with common injuries or illnesses and those arising from specific hazards with the school
- b) When necessary ensure that an ambulance or other professional medical help is called.

16.9 Individual doctors and specialist healthcare professionals caring for pupils who attend this Academy, have a responsibility to:

- a) Complete the pupil's Healthcare Plans provided by parents
- b) Where possible, and without compromising the best interests of the child, try to prescribe medication that can be taken outside of school hours
- c) Offer every child or young person (and their parents) a written care/self management plan to ensure children and young people know how to self manage their condition
- d) Ensure the child or young person knows how to take their medication effectively
- e) Ensure children and young people have regular reviews of their condition and their medication
- f) Provide the Academy with information and advice regarding individual children and young people with medical conditions (with the consent of the pupil and their parents)
- g) Understand and provide input in to the Academy's medical conditions policy.

16.10 Emergency care service personnel in this area have a responsibility to:

- a) Have an agreed system for receiving information held by the Academy about children and young people's medical conditions, to ensure best possible care
- b) Understand and provide input in to the Academy's medical conditions policy.

16.11 The pupils at this Academy have a responsibility to:

- a) Treat other pupils with and without a medical condition equally
- b) Tell their parents, teacher or nearest staff member when they are not feeling well
- c) Let a member of staff know if another pupil is feeling unwell
- d) Let any pupil take their medication when they need it, and ensure a member of staff is called
- e) Treat all medication with respect
- f) Know how to gain access to their medication in an emergency
- g) Ensure a member of staff is called in an emergency situation.

16.12 The parents/carers of a child at this Academy have a responsibility to:

- a) Tell the Academy if their child has a medical condition
- b) Ensure the Academy has a complete and up-to-date Healthcare Plan for their child
- c) Inform the Academy about the medication their child requires during school hours
- d) Inform the school of any medication their child requires while taking part in visits, outings or field trips and other out-of-school activities
- e) Tell the Academy about any changes to their child's medication, what they take, when, and how much
- f) Inform the Academy of any changes to their child's condition
- g) Ensure their child's medication and medical devices are labelled with their child's full name
- h) Provide the Academy with appropriate spare medication labelled with their child's name
- i) Ensure that their child's medication is within expiry dates
- j) Keep their child at home if they are not well enough to attend school
- k) Ensure their child catches up on any school work they have missed
- l) Ensure their child has regular reviews about their condition with their doctor or specialist healthcare professional
- m) Ensure their child has a written care/self-management plan from their doctor or specialist healthcare professional to help their child manage their condition.

17. Medical Conditions Policy Updates and Reviews

17.1 This Academy's medical condition policy is reviewed, evaluated and updated every year in line with the Academy's policy review timeline.

17.2 New Department for Children, Families and Schools and Department of Health guidance is actively sought and fed into the review.

17.3 In evaluating the policy, this Academy seeks feedback on the effectiveness and acceptability of the medical conditions policy with a wide-range of key stakeholders within the Academy and health settings. These key stakeholders include:

- a) Pupils
- b) Parents
- c) School nurse and/or school healthcare professionals
- d) Academy Principal
- e) Teachers
- f) Special education needs coordinator
- g) First aiders
- h) All other Academy staff
- i) Local emergency care service staff (including accident & emergency and ambulance staff) j)
Local health professionals
- k) The Academy employer
- l) Trustees and Governors.

17.4 The views of pupils with various medical conditions are actively sought and considered central to the evaluation process.

18. Staff Medication

18.1 Any staff who bring prescribed and over the counter medication to school should store it in the school office in the school office in the designated area.

Appendix 1 – Legislation and Guidance

Introduction

- a) Local authorities, schools and governing bodies are responsible for the health and safety of pupils in their care.
- b) Areas of legislation that directly affect a medical conditions policy are described in more detail in Managing Medicines in Schools and Early Years Settings. The main pieces of legislation are the Disability
- c) Discrimination Act 1995 (DDA), amended by the Special Educational
- d) Needs and Disability Act 2001 (SENDA) and the Special Educational Needs and Disability Act 2005. These acts make it unlawful for service providers, including schools, to discriminate against disabled people. Other relevant legislation includes the Education Act 1996, the Care Standards Act 2000, the Health and Safety at Work Act 1974, the Management of
- e) Health and Safety at Work Regulations 1999 and the Medicines Act 1968.
- f) This section outlines the main points from the relevant legislation and guidance that schools should consider when writing a medical conditions policy.

Managing Medicines in Schools and Early Years Settings (2004)

This provides guidance from the DfES (now DCFS) and DH on managing medicines in schools and early years settings. The document includes the following chapters:

- a) Developing medicines policies
- b) Roles and responsibilities
- c) Dealing with medicines safely
- d) Drawing up a Healthcare Plan
- e) Relevant forms.

Medical Conditions at School: A Policy Resource Pack is designed to work alongside Managing Medicines in Schools and Early Years Settings.

Disability Discrimination Act 1995 (DDA) and the Special Educational Needs and Disability Acts (2001 and 2005)

- a) Many pupils with medical conditions are protected by the DDA and SENDA, even if they don't think of themselves as 'disabled'.
- b) The Commission for Equality and Human Rights (CEHR) (previously the Disability Rights Commission) publishes a code of practice for schools, which sets out the duties under the DDA and gives practical guidance on reasonable adjustments and accessibility. The CEHR offers information about who is protected by the DDA, schools' responsibilities and other specific issues.
- c) Schools' responsibilities include:
- d) Not to treat any pupil less favourably in any school activities without material and sustainable justification
- e) To make reasonable adjustments that cover all activities – this must take into consideration factors such as financial constraints, health and safety requirements and the interests of other pupils. Examples of

reasonable adjustments can be found in the DfES resource: Implementing the DDA in Schools and Early Years Settings*

- f) To promote disability equality in line with the guidance provided by the DCSF and CEHR through the Disability Equality Scheme.

*DfES publications are available through the DCSF.

The Education Act 1996

Section 312 of the Education Act covers children with special educational needs, the provisions that need to be made and the requirements local health services need to make to help a local authority carry out its duties.

The Care Standards Act 2000

This act covers residential special schools and responsibilities for schools in handling medicines.

Health and Safety at Work Act 1974

This act places duties on employers for the health and safety of their employees and anyone else on their premises. This covers the head teacher and teachers, non-teaching staff, pupils and visitors.

Management of Health and Safety at Work Regulations 1999

These regulations require employers to carry out risk assessments, manage the risks identified and to communicate these risks and measures taken to employees.

Medicines Act 1968

This act specifies the way that medicines are prescribed, supplied and administered.

Additional guidance

Other guidance resources that link to a medical conditions policy include:

- a) Healthy Schools Programme – a medical conditions policy can provide evidence to help schools achieve their healthy school accreditation
- b) Every Child Matters: Change for Children (2004). The 2006 Education Act ensures that all schools adhere to the five aims of the Every Child Matters agenda
- c) National Service Framework for Children and Young People and Maternity Services (2004) – provides standards for healthcare professionals working with children and young people including school health teams
- d) Health and Safety of Pupils on Educational Visits: A Good Practice Guide (2001) – provides guidance to schools when planning educational and residential visits
- e) Misuse of Drugs Act 1971 – legislation on the storage and administration of controlled medication and drugs
- f) Home to School Travel for Pupils Requiring Special Arrangements (2004) – provides guidance on the safety for pupils when traveling on local authority provided transport
- g) Including Me: Managing Complex Health Needs in School and Early Years Settings (2005).
