1. Aims

1.1 This remote learning policy for staff aims to:

- a) Ensure consistency in the approach to remote learning for pupils who aren't in school.
- b) Set out expectations for all members of the school community with regards to remote learning
- c) Provide appropriate guidelines for data protection.

2. Roles and responsibilities

2.1 Teachers

2.1.1 When providing remote learning, teachers must be available between 8:30am and 3:30pm.

2.1.2 If they're unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure. Notify the Assistant Principal: Pastoral by calling the absence reporting number by 7:30am, stating the nature of the illness or injury, the expected length of absence from work and details of any urgent or outstanding work that requires attention, including information in relation to student work that needs covering.

2.1.3 When providing remote learning, teachers are responsible for:

- a) Setting work:
 - i. Students are required to attend morning registration via Teams at 9.30 every morning. Tutors will need to send daily invites and record attendance for internal attendance monitoring.
 - ii. Teachers should set work for pupils according to the timetable. The timetable will tell you which class are accessing which lesson that day/week.
 - iii. Staff may be asked to support covering lessons for other staff. This will be directed by the Assistant Principal: Teaching and Learning and will take into consideration workload.
 - iv. Lessons and associated tasks should complement long term plans wherever possible.
 - v. Lessons should aim to cover a 45 minute duration.
 - vi. Work needs to be uploaded to Teams prior to 9.30am on the day the lesson is timetabled.
 - vii. Teachers must upload work to the correct Microsoft Teams subject area. A series of instructional videos are available for staff. (Teams -All staff – Microsoft Teams training videos).
 - viii. Communicate with other staff using Microsoft Teams or by email if collaborating or working with same groups. This is to ensure there is consistency of work. It is also advisable to communicate with staff if there is a need to print work for those with limited access to devices.

- ix. Live lessons should always be recorded and can be accessed through Microsoft Stream.
- x. Providing feedback on work:
 - xi. Staff must check their Teams subject area regularly to monitor work that has been completed. Alerts will be given when students hand in work.
 - xii. Pupils should receive feedback on their work through Microsoft Teams. This should be individual and relevant to the work completed.
 - xiii. Feedback comes in many forms, and it is at the teacher's discretion as to how to ensure feedback is completed but it must provide pupils with their next steps to ensure pupils can continue to progress.
 - xiv. Staff must communicate with Tutors to keep them informed of student engagement.

b) Keeping in touch with pupils who aren't in school and their parents:

- i. Parents should continue to receive regular feedback on pupils and their work, but also to offer a support line of advice for parents.
- ii. This can be done using your schoolwork mobile, email, text message or using Class Dojo.
- iii. You are not expected to, nor should you call, email, text parents, or answer calls, emails or texts from parents outside of work hours.

- ii. Any safeguarding concerns should be logged using CPOMS and DSLs should be selected for them to be alerted to this.
- iii. If pupils do not attend their scheduled lesson, do not complete the work set, misbehave, misuse the remote learning platform or you have any concerns regarding the behaviour of pupils, inform the Assistant Principal.
- iv. Conversations with parents should be recorded on the communication log.
- v. Engagement with students should be recorded in a monitoring document provided by the Assistant Principal – Teaching and Learning.
